”Pathways to the Soul: Service”

One amazing pathway to the Soul is service. What is “service” and what might it look like in our lives? How is service related to our rays? How does humanity serve the planet? And how is our service guided and supported by the Masters and the Ashrams? From “Being” to “doing,” individually and as a group, we gather together at the 2021 NAEH Conference to explore the pathway to the Soul through service.
